These changes are applicable for the 2024 PR&C review. Bold are requirements that now apply for the 2024 PR&C review.

Standard J1	Guideline J1	Monitoring Method	Conclusion	Certifying Official*	Tier	Program Type
The proper number of beds or apartment units is provided according to the CSB partnership agreement(s).	 The facility or program has at least the number of beds or units as stated in the CSB partnership agreement(s). Each resident must be afforded adequate space and security for themselves and their belongings and an acceptable place to sleep. CoC-funded PSH and RRH units must have at least a living room, a kitchen area, a bathroom, and one bedroom or living/sleeping room for each two persons (except SROs). Children of the opposite sex, other than very young children, cannot be required to occupy the same bedroom or living / sleeping room. Exterior doors and windows must be lockable. The bathroom must be contained within the unit, 	 <u>Discussion</u>: Staff confirmed that each housing unit has appropriate living/sleeping areas and space and equipment to store, prepare, and serve food, per the guidelines. <u>Discussion</u>: For CoC- funded programs, staff confirmed that children of the opposite sex, other than very young children, are not required to occupy the same bedroom or living/ sleeping room. <u>Other</u>: CSB monitored beds via QI reports.
