## ***Overview***

System and Program Indicator Reports are published quarterly and furnished to CSB trustees, the Rebuilding Lives Funder Collaborative, and the Continuum of Care Steering Committee. All reports are posted to [www.csb.org](http://www.csb.org). Results are also shared with CSB funders consistent with funding contracts and agreements.

The System and Program Indicator Report monitors the current CSB funded shelter, services and permanent supportive housing programs and other Continuum of Care, non-CSB funded programs. The report evaluates each system and program based on a system or program goal, actual performance data, variances, and outcome achievements.

Outcome achievement is defined as 90% or better of numerical goal or within 5 percentage points of a percentage goal, except where a lesser or greater value than this variance also indicates an achieved goal. Systems or programs which meet less than one-half of outcome goals are considered to be a “program of concern”. The following key is used to express outcome achievement status for each indicator:

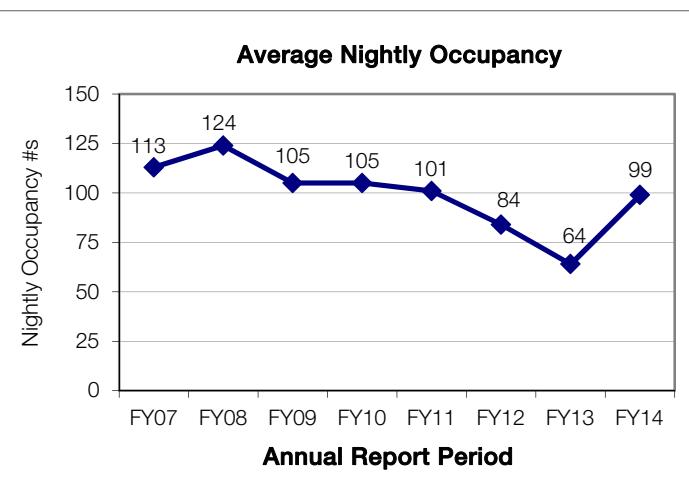

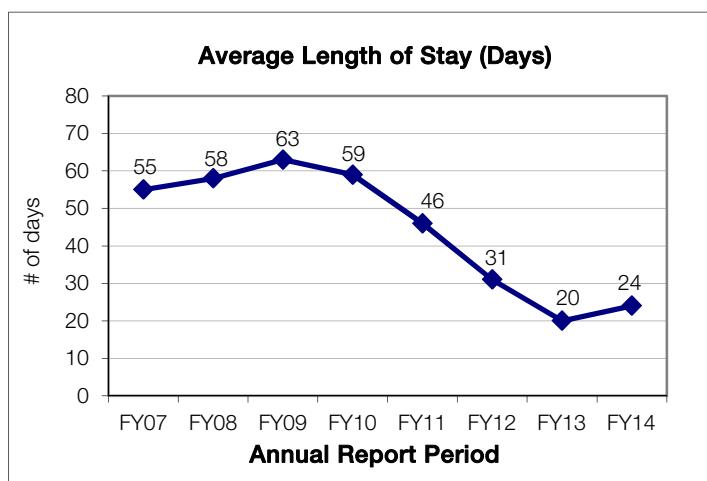

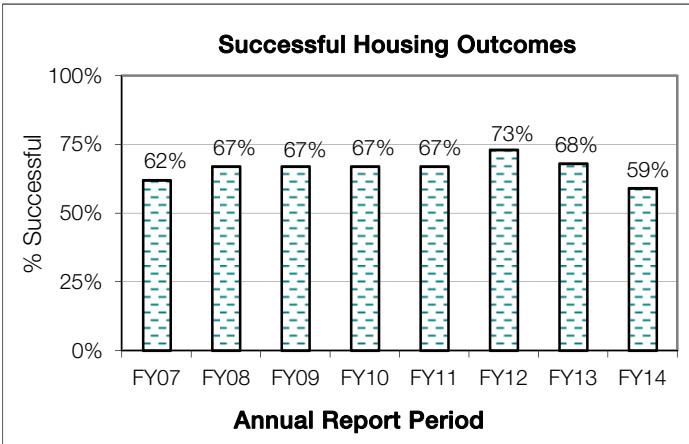

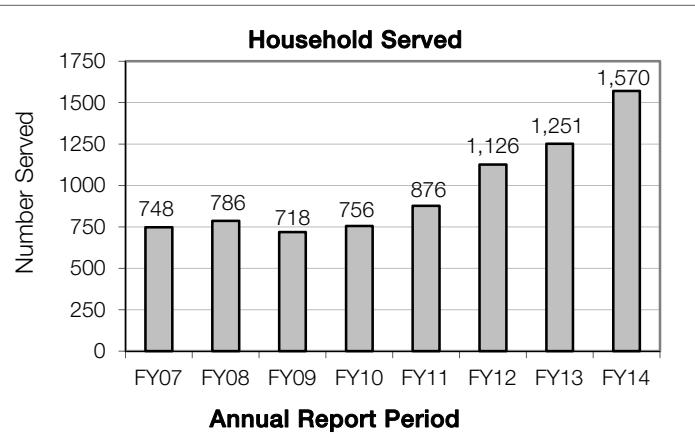

<b>Outcome Achievement:</b>	<b>Key</b>
Outcome achieved	✓
Outcome not achieved	✗
Outcome goal not applicable	N/A

All data generated from the Columbus ServicePoint (CSP) and used in the report met CSB quality assurance standards, which require current and accurate data and a 95% completion rate for all required CSP data variables.

Data included in the report is analyzed per the Evaluation Definitions and Methodology document that can be found at [www.csb.org](http://www.csb.org) under the Publications section.

The Family Emergency Shelter System served 26% more households than the previous fiscal year, the highest in the past eight reporting periods. In the past three years, family homelessness increased by 79%. On average, 49 families were served by the system every night of the year, above the fixed capacity. The decrease in successful housing outcomes for the system is very concerning, the reported rate is the lowest in eight reporting periods. A significant increase in households' income at entry and employment, compared to prior reporting periods, is noted (25% employed in FY2013). We are qualifying this system as a "system of concern" due to its unsustainability related to funding and operations at this increased level of demand and service and significant decrease in performance.

<sup>1</sup> Recidivism calculated for successful housing exits between reporting period of 7/1/2013 - 3/31/2014.

The system experienced a decrease in the number of individuals served by 6%, compared to the previous fiscal year. The average length of stay significantly increased compared to prior reporting periods, preventing women needing to access crisis services from entering emergency shelter. The system experienced capacity limitations throughout the fiscal year, in the non-overflow season, averaging 23 individuals on the daily waitlist. The percent of newly homeless is concerning as it decreased by 8 percentage points since the last fiscal year, more single women received shelter services in previous years.

We are reporting an increase in households served by 6% compared to the previous fiscal year mainly due to the increase in family homelessness. On average, 132 households were served each night over the regular shelter capacities, an increase of 57 households compared to the last fiscal year's nightly occupancy. In general, the emergency shelter system performance is consistent with last year's performance. In FY2014 capacity limitations for single adults prevented 33 individuals, on average, from receiving emergency shelter each night outside the winter overflow season.

<sup>1</sup>System includes single adult and family shelters.

The PSH System continues to perform well. The inventory as of 6/30/14 is 1,172 units of Rebuilding Lives Permanent Supportive Housing. 8% more households were served this reporting period compared to the previous fiscal year. At 92%, the occupancy rate is showing good utilization of resources but improvements could be made.

The performance of the system, reflected by the successful housing outcomes is very good. The high average income and employment rate, compared to the other systems, indicates a need for more effective targeting of households that without this prevention assistance would become homeless. Stable Families program targeting was changed in January to focus on doubled up families. The number of households served and the percent of veterans served significantly increased due to the new SSVF programs added in October 2013.

<sup>1</sup> System includes CIS Stable Families, Gladden Community House Prevention and Stable Families, LSS SSVF and VOAGO SSVF.

<sup>1</sup>Capacity does not include overflow.<sup>2</sup>Program started 10/1/13. 3 transitional age youth clients exited to family, permanent tenure (13%), not included above.<sup>3</sup>We are qualifying the program as a "program of concern" due to its unsustainability related to funding and operations at this increased level of demand and service and significant decrease in performance.<sup>4</sup> 107 clients were served by the Mediator Pilot program. The diversion rate of clients served by the pilot was 60%.

<sup>1</sup>Occupancy rates are calculated by dividing the occupancy number, which is rounded off to the nearest whole number, by the program capacity. The goal is 95% for the occupancy rate.

<sup>2</sup>The following PSH programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN Family Homes (SRA/2 households), CHN-RLPTI (TRA/9 households); Southeast Scattered Sites (TRA/2 households).

<sup>3</sup>Three of the 13 units can house up to two individuals and these units are frequently but not always assigned to couples in which both partners are Rebuilding Lives eligible.

<sup>4</sup>Program served RL individuals in Non-RL units or eligible roommates/couples.

<sup>5</sup>YMCA Franklin Station replaced Sunshine Terrace in May 2014. Program was in lease-up for the vacant units.

<sup>6</sup>Program started transferring clients from 40 W. Long on 5/1/14 and is currently in lease-up.

<sup>7</sup>Program lease-up started December 2013.

<sup>1</sup> Programs are transitional and non-Rebuilding Lives housing programs. Goals for these programs were set by each agency/program in accordance to the CoC set standards, if applicable.

<sup>2</sup> Occupancy rates are calculated by dividing the occupancy number, which is rounded off to the nearest whole number, by the program capacity.

<sup>3</sup> VOAGO- Veterans is not a HUD CoC funded program but receives VA funding. As of 01/01/2011 it is mandatory for this program to participate in CSP.

<sup>4</sup> The following PSH programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN Family Homes (SRA/2 households), CHN-RLPTI (TRA/9 households); Southeast Scattered Sites (TRA/2 households).

<sup>5</sup> Program capacity fluctuates based on need and available capacity.

<sup>6</sup> CMHA allows over-leasing for this program.

<sup>7</sup>TLP maintained an extra unit while consolidating from two locations to one location and that extra unit remains occupied
