

SYSTEM & PROGRAM INDICATOR REPORT

FY2014
7/1/13 – 12/31/13

Our Mission

To end homelessness, CSB innovates solutions, creates collaborations, and invests in quality programs.

We thank our Partner Agencies for their assistance in collecting data and ensuring data accuracy for our community reports.

Overview

System and Program Indicator Reports are published quarterly and furnished to CSB trustees, the Rebuilding Lives Funder Collaborative, and the Continuum of Care Steering Committee. All reports are posted to www.csb.org. Results are also shared with CSB funders consistent with funding contracts and agreements.

The System and Program Indicator Report monitors the current CSB funded shelter, services and permanent supportive housing programs and other Continuum of Care, non-CSB funded programs. The report evaluates each system and program based on a system or program goal, actual performance data, variances, and outcome achievements.

Outcome achievement is defined as 90% or better of numerical goal or within 5 percentage points of a percentage goal, except where a lesser or greater value than this variance also indicates an achieved goal. Systems or programs which meet less than one-half of outcome goals are considered to be a “program of concern”. The following key is used to express outcome achievement status for each indicator:

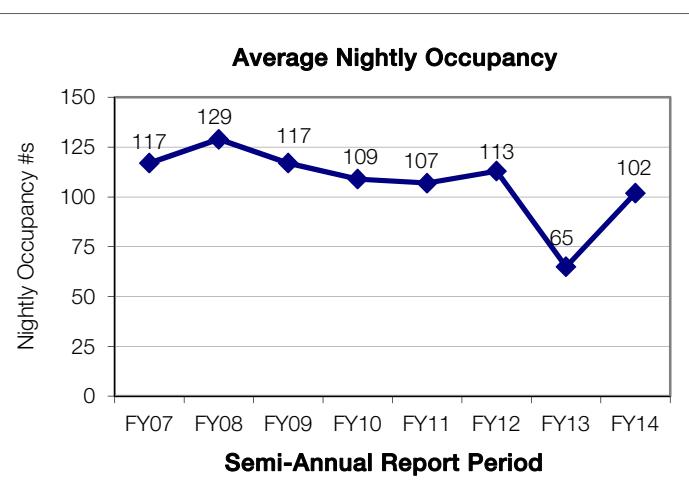

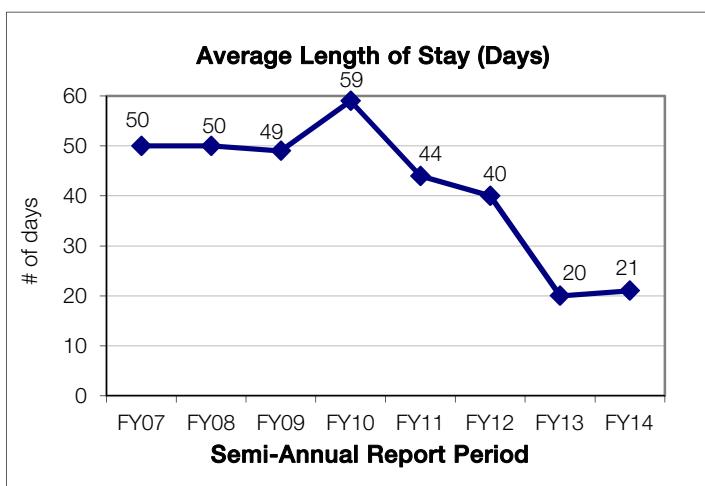

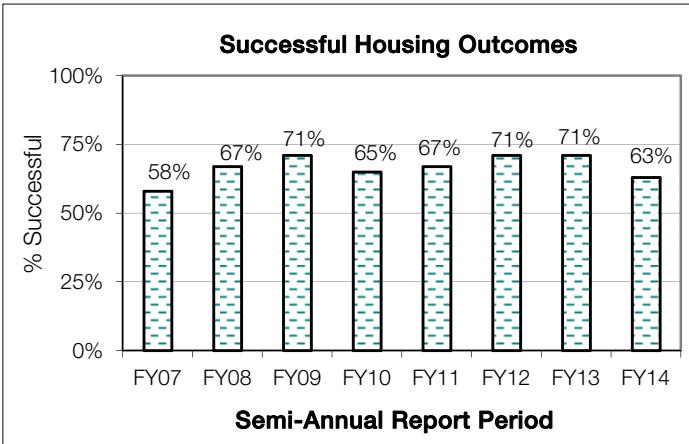

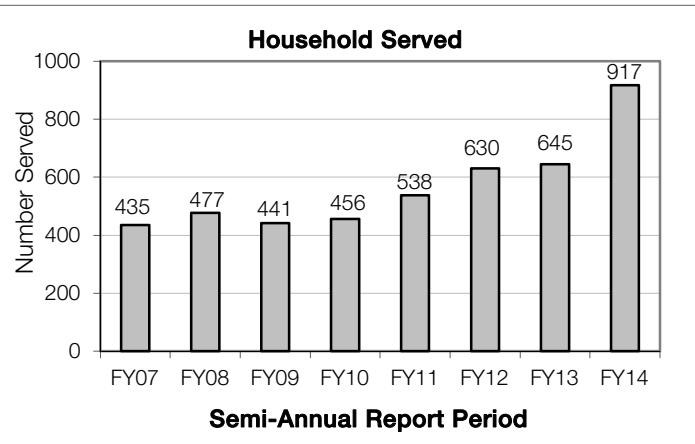

| Outcome Achievement: | Key |
|-----------------------------|------------|
| Outcome achieved | ✓ |
| Outcome not achieved | ✗ |
| Outcome goal not applicable | N/A |

All data generated from the Columbus ServicePoint (CSP) and used in the report met CSB quality assurance standards, which require current and accurate data and a 95% completion rate for all required CSP data variables.

Data included in the report is analyzed per the Evaluation Definitions and Methodology document that can be found at www.csb.org under the Publications section.

The Family Emergency Shelter System served 42% more households than the previous reporting period. The decrease in successful housing outcomes for the system is concerning. A significant increase in households' income at entry and employment, compared to prior reporting periods, is noted (25% employed in S1 FY2013). We are reporting the highest number of households served for the past eight fiscal years. We are qualifying this system as a "system of concern" due to its unsustainability related to funding and operations at this increased level of demand and service.

¹ Recidivism calculated for successful housing exits between reporting period of 7/1/2013 - 9/30/2013.

² Due to rounding percentage does not add up to 100%.

The system experienced an increase in the number of individuals served by 14%, compared to the previous reporting period. The percent of newly homeless is concerning in that it shows that the majority of single adults served received shelter services in previous years. The decrease in average length of stay is positive while the decrease in successful housing outcomes is concerning. The system expanded capacity in August to eliminate waitlist for shelters, which accounts for the increase in the number served.

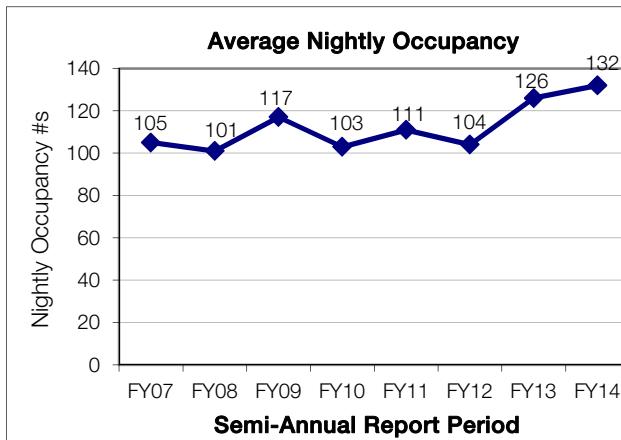

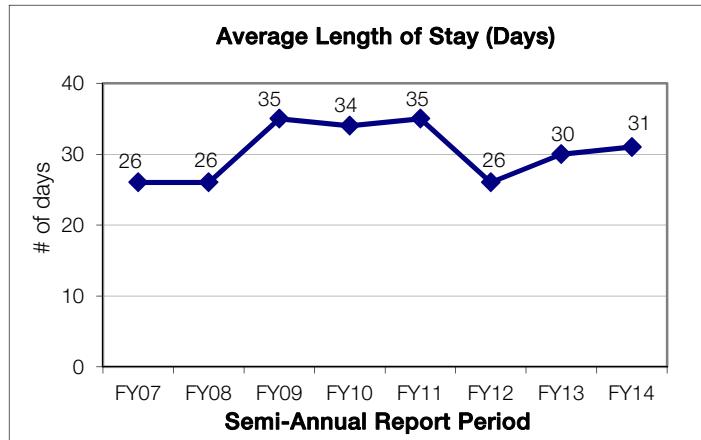

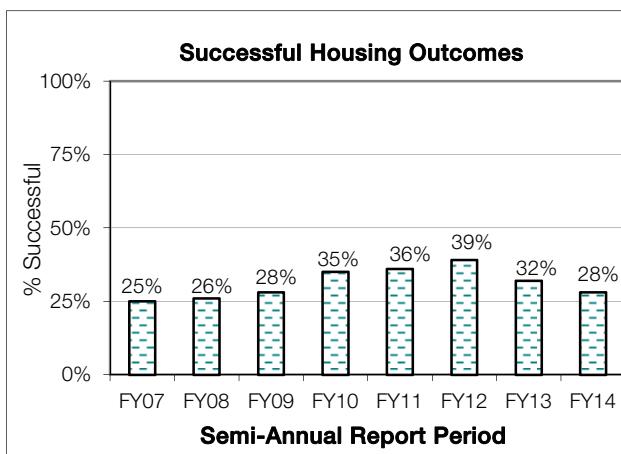

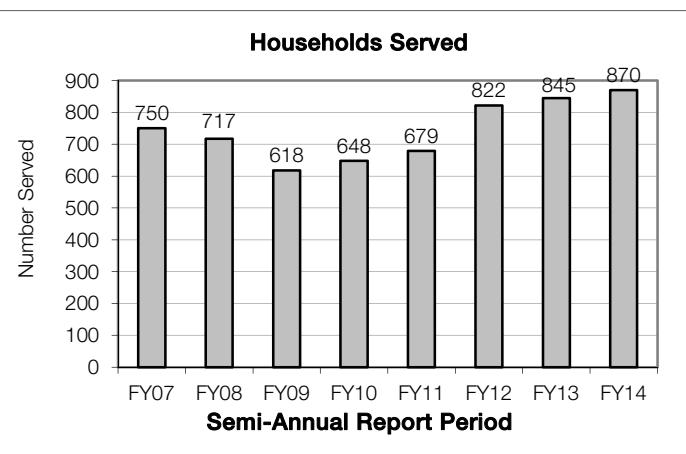

¹Overflow capacity is not included.

² Due to rounding percentage does not add up to 100%.

We are reporting a 15% increase in households served compared to the previous reporting period mainly due to the family system numbers. Performance lagged compared to previous reporting periods. The low average length of stay is due to the impact of the family emergency shelter on the entire system. Capacity limitations for single adults prevented 19 individuals, on average, to receive emergency shelter each night, until the system expanded capacity in early August to meet demand.

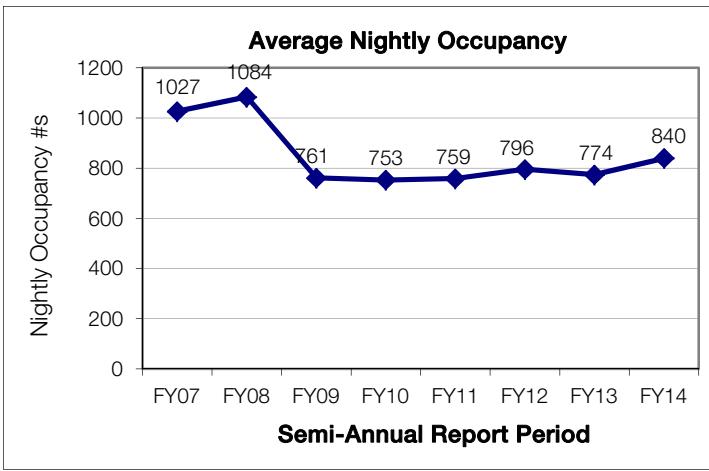

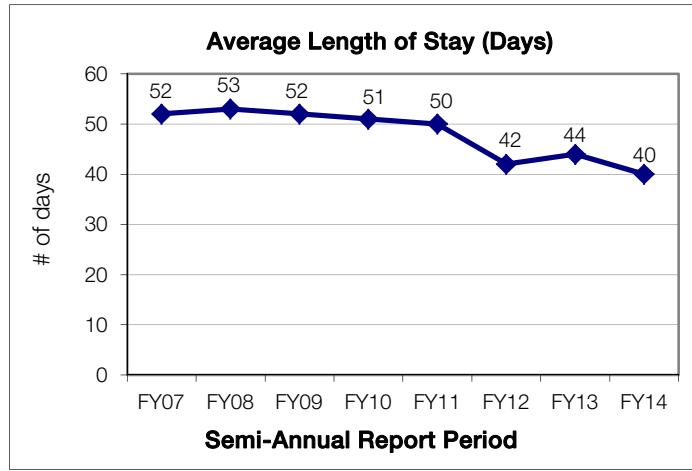

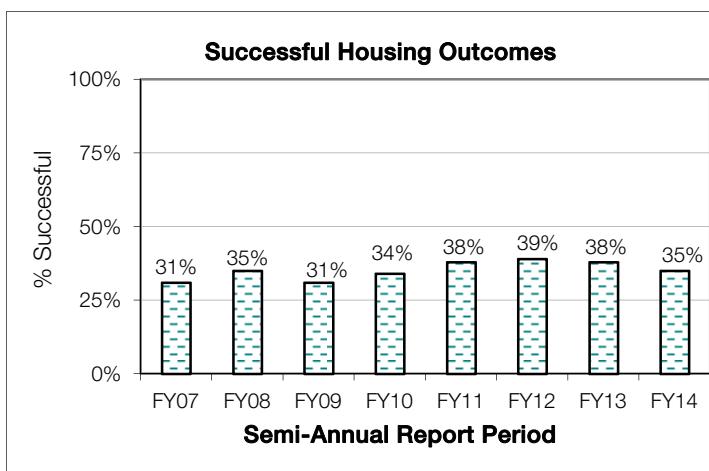

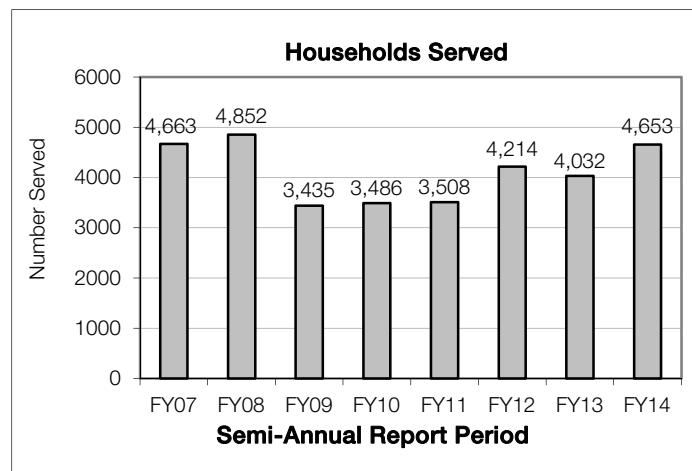

¹System includes single adult and family shelters.

²Overflow capacity is not included.

The PSH System continues to perform well. The inventory as of 12/31/13 is 1,099 units of Rebuilding Lives Permanent Supportive Housing. 5% more households were served this reporting period compared to the previous reporting timeframe. At 102%, the occupancy rate is showing excellent utilization of resources. The occupancy exceeds 100% as some programs served homeless individuals in their non-homeless units.

The system is showing significant improvement exemplified by the increased number of households served (9% increase) and an occupancy rate of 106%. The current capacity of Permanent Supportive Housing units included in Columbus Service Point (CSP) and reported on here is 1,646. VA VASH voucher capacity of 230 is not included in CSP as well as 3 units at CHN N. High St.

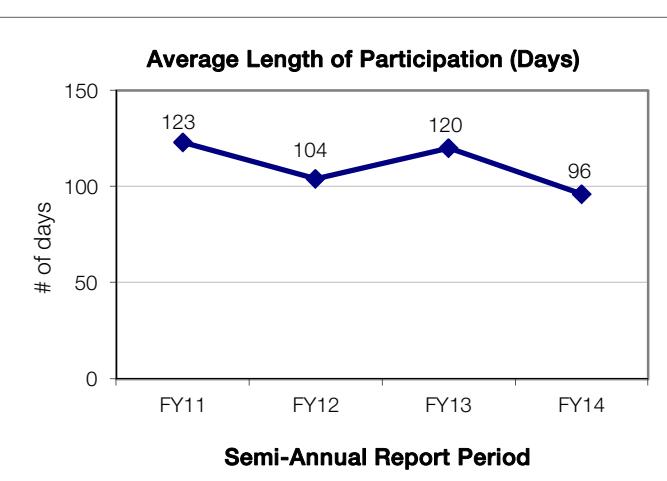

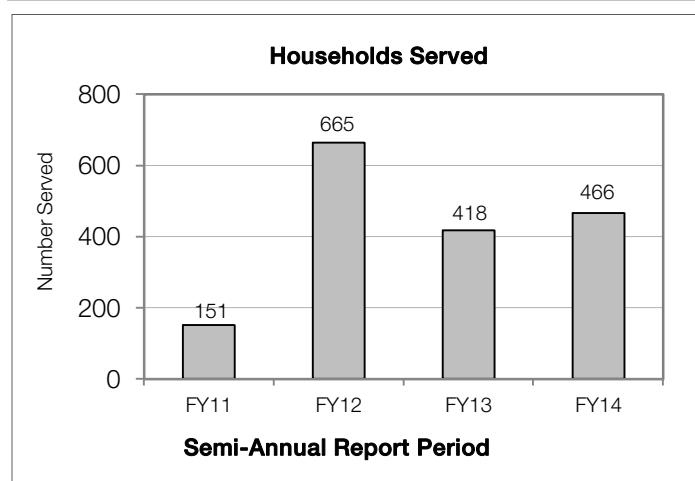

¹System includes CSB and non-CSB funded PSH & SPC programs.

The performance of the system, reflected by the successful housing outcomes is very good. The recidivism rate of 6% is higher than historically and is due to seven families served by direct housing providers returning to emergency shelter. The percent of veterans served significantly increased due to the new SSVF programs.

¹System includes HFF Rolling Stock, VOAGO TIP,TSA Direct Housing, TSA J2H, LSS SSVF and VOAGO SSVF programs. CSB Transition is excluded.

The performance of the system, reflected by the successful housing outcomes is very good. The high average income and employment rate, compared to the other systems, indicates a need for more effective targeting of households that without this prevention assistance would become homeless. Stable Families program targeting is being changed to focus on doubled up families. The percent of veterans served significantly increased due to the new SSVF programs.

¹ Starting FY13, system includes CIS Stable Families, Gladden Community House Prevention and Stable Families. LSS SSVF and VOAGO SSVF programs are added starting this report period.

² Data only refers to the families served.

³ Excludes GCH Prevention, ALOP includes SSVF programs. Average length of participation including GCH Prevention is 26 days.

¹Capacity does not include overflow.²The Average Transition Time measures the average number of days households receive shelter services from shelter entry to entry/enrollment into the Direct Housing program or to engagement by the Navigator.³The % of households that enter the shelter system within 14-90 days following a successful housing outcome that occurred between 7/1/13 - 9/30/13.⁴Program started 10/1/13, too new to be rated. One transitional age youth client exited to family, permanent tenure (4%), not included above.⁵We are qualifying the program as a "program of concern" due to its unsustainability related to funding and operations at this increased level of demand and service.⁶Thirty-nine clients were served by the Mediator Pilot program. The diversion rate of clients served by the pilot was 49%.

¹ Occupancy rates are calculated by dividing the occupancy number, which is rounded off to the nearest whole number, by the program capacity. The goal is 95% for the occupancy rate.

² The following PSH programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN Family Homes (SRA/6 households), CHN-RLPTI (TRA/15 households); Southeast Scattered Sites (TRA/2 households).

³ Three of the 13 units can house up to two individuals and these units are frequently but not always assigned to couples in which both partners are Rebuilding Lives eligible.

⁴ Program served RL individuals in Non-RL units or eligible roommates/couples.

⁵ Program was in lease-up 4/1/13-8/31/13.

¹ Programs are non-CSB funded. Goals for these programs were set by each agency/program in accordance to the CoC set standards, if applicable.

² Occupancy rates are calculated by dividing the occupancy number, which is rounded off to the nearest whole number, by the program capacity.

³ VOAGO- Veterans is not a HUD CoC funded program but receives VA funding. As of 01/01/2011 it is mandatory for this program to participate in CSP.

⁴ The following PSH programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN Family Homes (SRA/6 households), CHN-RLPTI (TRA/15 households); Southeast Scattered Sites (TRA/2 households).

⁵ Program capacity fluctuates based on need and available capacity.

⁶ CMHA allows over-leasing for this program.

⁷ Program capacity decreased to 72 in June 2013.

⁸ In times of extreme demand, Amethyst is able to increase capacity temporarily by doubling up single women in two-bedroom apartments. The program will be closing as of 1/31/2014
