SYSTEM & PROGRAM INDICATOR REPORT

FY2016 1/1/16 - 3/31/16

Our Mission

To end homelessness, CSB innovates solutions, creates collaborations, and invests in quality programs.

We thank our Partner Agencies for their assistance in collecting data and ensuring data accuracy for our community reports.

FEATURED PROGRAMS OF EXCELLENCE

FY2016 Quarter 3: 1/1/16 - 3/31/16

Through its Stable Families program, Gladden Community House helps families on the brink of homelessness receive temporary utility and rent assistance to retain their housing. They provide families with work and job training referrals, tenant education, and relocation services to quickly resolve the housing crisis.

Gladden Community House uses a strengths-based approach with families – and it works. 97% of families served are able to remain stably housed and avoid homelessness. A key part of Gladden's success is their strong commitment to forming partnerships to bring critical resources for families, including the Central Ohio Breathing Association, One Stop Shop, Neighbor-to-Neighbor, JOIN, COMPASS and the Mid-Ohio Foodbank.

Southeast's Friend of the Homeless men's shelter, Volunteers of America of Greater Ohio's men's shelter and YMCA of Central Ohio's women's shelter at Van Buren Center collaborated effectively with the navigator program, demonstrated by achievement of two specific outcomes of utmost importance. Working together, they achieved short lengths of stay in shelter and high rates of movement to stable housing – truly ending homelessness.

Community Shelter Board is pleased to recognize and feature programs of excellence that demonstrated compelling results during the quarterly period of 1/1/16 - 3/31/16. We aim to acknowledge extraordinary leadership, collaborative practices and high quality operations and services among providers in their work to end homelessness. Our provider network includes partners delivering an array of services including homelessness prevention programming, shelter, case management, street outreach and housing.

Community Shelter Board sets specific outcomes for each provider, and performance is measured and reported in the accompanying report. We monitor data constantly to track how effectively the system is working to move people to stable housing. We partner with providers both individually and as a system to continuously improve results.

Along the way, we relish the opportunity to take a moment to recognize the tireless efforts by these providers delivering critical services to those experiencing homelessness.

Overview

System and Program Indicator Reports are published quarterly and furnished to CSB trustees, the Rebuilding Lives Funder Collaborative, and the Continuum of Care Steering Committee. All reports are posted to www.csb.org. Results are also shared with CSB funders consistent with funding contracts and agreements.

The System and Program Indicator Report monitors the current CSB funded shelter, services and permanent supportive housing programs and other Continuum of Care, non-CSB funded programs. The report evaluates each system and program based on a system or program goal, actual performance data, variances, and outcome achievements. Outcome achievement is defined as 90% or better of numerical goal or within 5 percentage points of a percentage goal, except where a lesser or greater value than this variance also indicates an achieved goal. Systems or programs which meet less than one-half of outcome goals are considered to be a "program of concern". The following key is used to express outcome achievement status for each indicator:

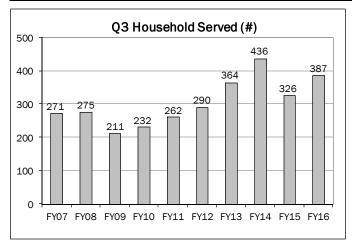

| Outcome Achievement: | Key |
|-----------------------------|-----------|
| Outcome achieved | $\sqrt{}$ |
| Outcome not achieved | ≠ |
| Outcome goal not applicable | N/A |

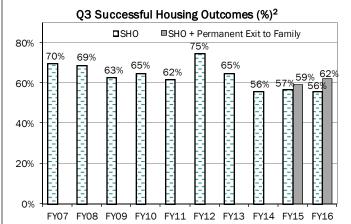

All data generated from the Columbus ServicePoint (CSP) and used in the report met CSB quality assurance standards, which require current and accurate data and a 95% completion rate for all required CSP data variables.

Data included in the report is analyzed per the Evaluation Definitions and Methodology document that can be found at www.csb.org under the Publications section.

The Family Emergency Shelter System experienced a 19% increase in the number of households served when compared to same reporting period of last fiscal year. On average, 88 families were sheltered by the system every night. The low successful housing outcomes percent for the system continues to be very concerning.

¹ Overflow capacity is not included. VOAGO Family Shelter opened on 9/1/15, adding 64 units to the family shelter system capacity.

² Starting 7/1/15, Successful Housing Outcomes include permanent exits to family.

The system experienced a 3% increase in the number of individuals sheltered when compared to the same reporting period of last fiscal year. The average length of shelter stay significantly decreased compared to the last fiscal year. The successful housing outcomes percent shows good improvement. These are positive changes for the system. As of 10/1/2014 housing services for all "tier 2" emergency shelters are provided by Access Ohio Navigator Program, part of the new crisis response system.

¹ First time homeless and Tier 2 shelters are included. YMCA First Time Homeless Shelter for men opened on 10/15/15. Seasonal Overflow capacity is not included.

The decrease in households sheltered is 13% compared to the same reporting period of last fiscal year, as we no longer have flexible capacity available in the women's system. The average length of shelter stay significantly decreased compared to the last fiscal year. The successful housing outcomes percent is showing signs of improvement. The percent of newly homeless is at its highest historically. As of 10/1/2014 housing services for all "tier 2" emergency shelters are provided by Access Ohio Navigator Program, part of the new crisis response system.

The system provided shelter to a similar number of households compared to the same reporting period of last fiscal year. The successful housing outcomes percent increased as a result of higher success rates for all systems. The average length of shelter stay decreased significantly, positively impacted by the single adult system performance. Forty-seven percent of sheltered households were previously served in the homeless system, a decrease compared to prior reporting periods, a positive development.

¹System includes single adult and family shelters. VOAGO Family Shelter opened on 9/1/2015. YMCA First Time Homeless Shelter for men opened on 10/15/15. Excludes Huckleberry House Emergency Shelter, total distinct households served including the youth shelter is 2,964.

The system continues to perform well, with good occupancy and success rates. 11 percent more households were served this reporting period compared to the same reporting period of last fiscal year, mainly due to the 184 units added to the system between 7/1/2015 and 12/31/2015. The current capacity of Permanent Supportive Housing units included in Columbus Service Point (CSP) and reported on here is 1,951 out of which 1,416 units are designated as Rebuilding Lives. Sixty new units were added to the system in January 2016, at VOAGO Van Buren Village. VA VASH voucher capacity of 344 is not included.

¹ Capacity does not include overflow, with the exception of dedicated overflow programs.

² Lutheran Social Services is evaluated at the agency level rather than at the individual program level. Inclusive programs are Faith Mission on 6th, Faith Mission on 8th and Nancy's Place. As of 7/1/15, Nancy's Place and Faith on 6th reduced capacity.

 $^{^{3}}$ Fixed capacity of 83 starting 8/31/15.

⁴YMCA First Time Homeless Shelter is evaluated as Men's and Women's shelters combined. Men's shelter opened on 10/15/15.

⁵ Successful outcomes measure for YMCA First Time Homeless Shelter and Maryhaven Engagement Center Safety.

 $^{^{6}}$ Exit to family (permanent tenure) is a successful housing outcome for all starting 7/1/2015.

As of 10/1/2014 housing services for all tier 2 emergency shelters are provided by Access Ohio. Some of the measures for emergency shelters are shared with the Navigator Program.

⁸ Men's overflow opened on 10/19/15. Women's overflow opened on 11/21/15. Availability subject to outside temperature. Capacity is actual average nightly number served.
