SYSTEM & PROGRAM INDICATOR REPORT

FY2018 7/1/17 - 6/30/18

Our Mission

To lead a coordinated, community effort to make sure everyone has a place to call home.

We thank our Partner Agencies for their assistance in collecting data and ensuring data accuracy for our community reports.

FEATURED PROGRAMS OF EXCELLENCE

FY2018: 7/1/17 - 6/30/18

The first partner agency to ever achieve 100% data accuracy during their annual program review and certification.

Achieved compliance with CSB's rigorous program certification standards on the first try.

STABLE FAMILIES PREVENTION PROGRAM

Met every goal for numbers served, length of participation, and successful housing outcomes.

Community Shelter Board is pleased to recognize and feature programs of excellence that demonstrated compelling results during the past year. We aim to acknowledge extraordinary leadership, collaborative practices, and high quality operations and services among partner agencies in their work to serve people facing homelessness every day. Our network includes partners delivering an array of services including homelessness prevention, shelter, rapid re-housing, street outreach, and supportive housing.

Community Shelter Board sets specific outcomes for each partner agency, and performance is measured and reported in the accompanying report. We monitor data constantly to track how effectively the system is working to move people to stable housing. We partner with agencies both individually and as a system to continuously improve results.

Along the way, we relish the opportunity to take a moment to recognize the tireless efforts by these partners delivering critical services to those facing homelessness.

Overview

System and Program Indicator Reports are published quarterly and furnished to CSB trustees and the Continuum of Care. All reports are posted to www.csb.org. Results are also shared with CSB funders consistent with funding contracts and agreements.

The System and Program Indicator Report monitors the current CSB funded programs and some non-CSB funded programs that participate in our data system. The report evaluates each system and program based on a system or program goal, actual performance data, variances, and outcome achievements. Outcome achievement is defined as 90% or better of numerical goal or within 5 percentage points of a percentage goal, except where a lesser or greater value than this variance also indicates an achieved goal. Systems or programs which meet less than one-half of outcome goals are considered to be a "program of concern". The following key is used to express outcome achievement status for each indicator:

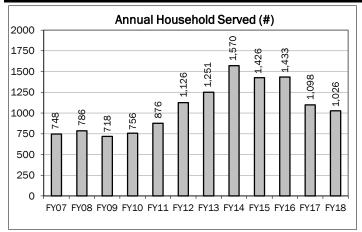

| Outcome Achievement: | Key |
|-----------------------------|-----------|
| Outcome achieved | $\sqrt{}$ |
| Outcome not achieved | ≠ |
| Outcome goal not applicable | N/A |

All data generated from the Columbus ServicePoint (CSP) and used in the report met CSB quality assurance standards, which require current and accurate data and a 95% completion rate for all required CSP data variables.

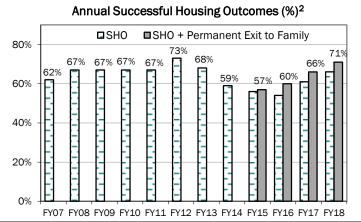

Data included in the report is analyzed per the Evaluation Definitions and Methodology document that can be found at www.csb.org under the Publications section.

Seven percent less households needed shelter compared to last fiscal year, and the success rate at exit from shelters increased 5 percentage points, both good trends. However, the length of time homeless increased, causing the nightly occupancy to exceed planned capacity. The employment rate at entry increased from 29% in FY17 to 36% currently, coupled with an increase in average income. The percent of newly homeless was calculated using homelessness experience from the past two years. An additional 367 families stayed in the Overnight shelter program only, waiting for a face-to-face shelter eligibility assessment. These families were subsequently either diverted from shelter or self-exited.

The system experienced a 6% decrease in the number of households sheltered when compared to last fiscal year. The successful housing outcomes percent is similar to the prior fiscal year. The average length of time homeless increased across all systems, as well as the system occupancy. The employment rate and income increased across all systems as well. 65% of sheltered households did not experience homelessness within the prior two years.

¹ System includes single adult and family shelters. Excludes Huckleberry House Emergency Shelter and YMCA Family Overnight; total distinct households served including the youth shelter and overnight program is 6,885.

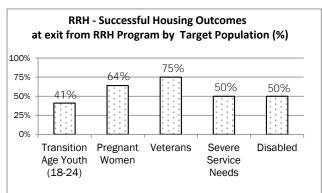

² Seasonal overflow capacity is not included. Overflow opened 10/15/17 and remained open through 4/15/18.

The success rate at exit from the Rapid Re-housing program shows improving results at 53%. 924 (23%) of the individuals served in shelter during the reporting period were enrolled in the rapid re-housing program during the same timeframe. The Rapid Re-housing program was retooled effective 7/1/2017 with YMCA providing rapid re-housing case management services. The rapid re-housing program is only serving individuals with high needs and barriers.

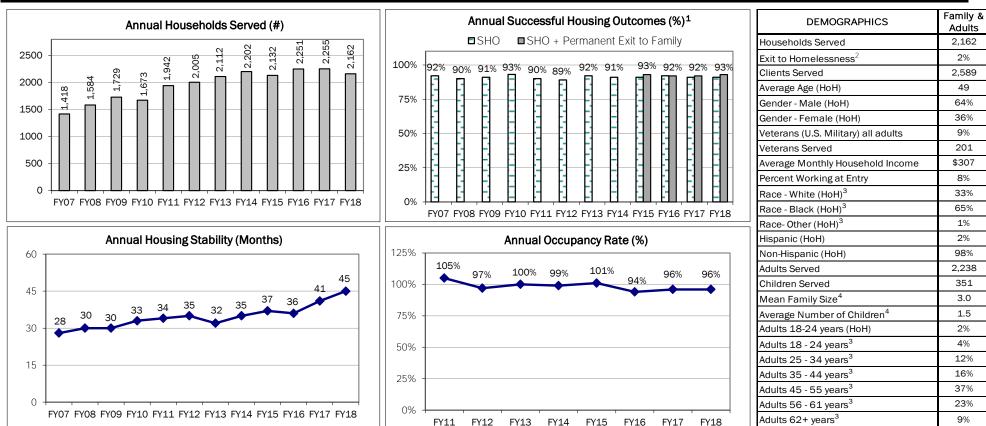

¹System implemented 10/1/2014. Includes shelters where the Rapid Re-housing Program is operating. These shelters are called "Tier 2" shelters and include LSS Faith Mission, Southeast Friends of the Homeless, VOAGO Men's, YMCA Women's and Maryhaven Shelter2Housing. Program is not contracted to provide services for the overflow or VA programs.

² For the Rapid Re-housing Program measures success after exit from shelter and termination of follow up services. Starting 7/1/15, Successful Housing Outcomes include permanent exits to family.

³ 332 (35%) individuals entered in the program during the evaluation period do not have a rapid re-housing pool record, as the pool was established durring the 2nd half of the fiscal year.

The system continues to perform well, with good occupancy and success rates. 4% less households were served this reporting period compared to the last fiscal year. The current capacity of the permanent supportive housing system included in Columbus Service Point (CSP) and reported on here is 1938. VA VASH voucher capacity of 349 is not included.

¹ Starting 7/1/15, Successful Housing Outcomes include permanent exits to family.

³ Successful outcomes measure for Maryhaven Engagement Center Safety.

 $^{^4\,\}mbox{Exit}$ to family (permanent tenure) is a successful housing outcome for all starting 7/1/2015.

⁵ Starting 7/1/2017 housing services are provided by the single adult Rapid Re-housing project. Some of the measures for emergency shelters are shared with the rapid re-housing program.

⁶ Men's and women's seasonal overflow was opened 11/08-11/11/17 and remained open from 11/13/17-4/17/18. Capacity is actual average nightly number served.
