#### **Overview**

System and Program Indicators Reports are published quarterly and furnished to CSB trustees, the Rebuilding Lives Funder Collaborative, and the Continuum of Care Steering Committee. All reports are posted to <a href="www.csb.org">www.csb.org</a>. Results are also shared with CSB funders consistent with funding contracts and agreements.

The System and Program Indicator Report monitors the current CSB funded shelter, services and permanent supportive housing programs and other Continuum of Care, non-CSB funded programs. The report evaluates each system and program based on a system or program goal, actual performance data, variances, and outcome achievements. Outcome achievement is defined as 90% or better of numerical goal or within 5 percentage points of a percentage goal, except where a lesser or greater value than this variance also indicates an achieved goal. Systems or programs which meet less than one-half of outcome goals are considered to be a "program of concern". The following key is used to express outcome achievement status for each indicator:

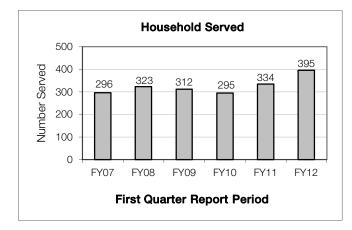

Outcome Achievement:	Key
Outcome achieved	$\sqrt{}$
Outcome not achieved	<b>≠</b>
Outcome goal not applicable	N/A

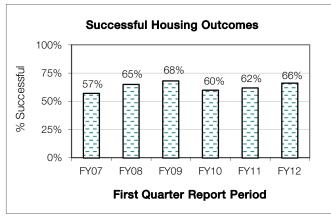

All data generated from the Columbus ServicePoint (CSP) and used in the report met CSB quality assurance standards, which require current and accurate data and a 95% completion rate for all required CSP data variables.

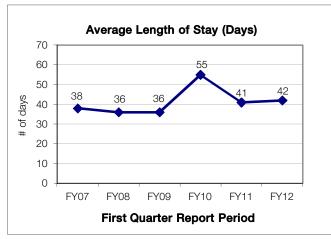

Data included in the report is analyzed per the Evaluation Definitions and Methodology document that can be found at <a href="www.csb.org">www.csb.org</a> under the Publications section.

The Family System served 18% more households than during the same period of time last year, continues to have heavy overflow and maintains a good performance overall. FY10 to FY12 Average Length of Stay calculations are based on a new, improved methodology. The new capacity of the emergency shelter system for families, as of 1/1/2012, will become 50, as a result of the Tier II shelters fully transitioning to direct housing.

The system experienced an increase in the number of individuals served at 27%. The increase in successful outcomes for the system is very encouraging and we are attributing this increase to the availability of the HPRP funds. The significant decrease in the average length of stay is a reflection of the new policies implemented throughout the system as of 7/1/2011. FY10 to FY12 Average Length of Stay calculations are based on a new, improved methodology. The capacity for the system increased by 26 units with the addition of the VOAGO & LSS VA Emergency Housing beds.

We are reporting a 24% increase in the number of households served compared to the same period last year. The increase in successful outcomes for the system is very encouraging and we are attributing this increase to the availability of the HPRP funds. The significant decrease in the average length of stay is a reflection of the new policies implemented throughout the system as of 7/1/2011. Historical numbers for the entire shelter system were recreated using the same methodology as for FY2012,

CSB is reporting out on all supporting housing projects as a whole. All historical numbers for the entire system were recreated using the same methodology as for FY2012 for all applicable metrics. The occupancy rate was not calculated because of significant changes in the system capacities from year to year. The current capacity of Permanent Supportive Housing units is 1554. The occupancy rate exceeds 100% as several SPC programs operate over capacity.

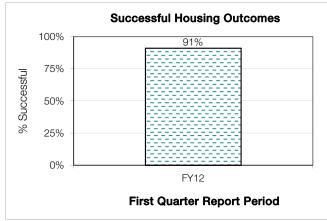

<sup>&</sup>lt;sup>1</sup> System includes CSB and non-CSB funded PSH & SPC programs.

<sup>1</sup> Occupancy rates are calculated by dividing the occupancy number, which is rounded off to the nearest whole number, by the program capacity. The goal is 95% for the occupancy rate.

<sup>&</sup>lt;sup>2</sup> The following PSH programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN-Parsons (SRA/15 households); RLPTI (TRA/ 25 households); Southeast Scattered Sites (TRA/ 2 households).

<sup>&</sup>lt;sup>3</sup> Three of the 13 units can house up to two individuals and these units are frequently but not always assigned to couples in which both partners are Rebuilding Lives eligible.

<sup>&</sup>lt;sup>4</sup> Eligibility for the program was 100% Chronic Homeless women. HUD approved in April and September a change in the program's eligibility criteria, for 80% of the units to meet Rebuilding Lives eligibility criteria.

<sup>&</sup>lt;sup>5</sup> Program lease-up started in July 2011.

<sup>&</sup>lt;sup>6</sup> Occupancy is greater than 100% due to 2 individuals moving into a single unit where both persons are Rebuilding Lives or Chronic Homeless qualified; also CHN's commitment for Southpoint Place is 46 of 80 units; when there are more than 46 tenants qualified as Rebuilding Lives the occupancy rate exceeds 100%.

<sup>7</sup> CHN's commitment for St. Clair is 26 of 31 units; program also handles roommates/couples; when there are more than 26 tenants qualified as Rebuilding Lives the occupancy rate exceeds 100%.

<sup>&</sup>lt;sup>1</sup> Programs are non-CSB funded. Goals for these programs were set by each agency/program in accordance to the CoC set standards, if applicable.

<sup>&</sup>lt;sup>2</sup> Occupancy rates are calculated by dividing the occupancy number, which is rounded off to the nearest whole number, by the program capacity.

<sup>3</sup> VOAGO- Veterans is not a HUD COC funded program but receives VA funding. As of 01/01/2011 it is mandatory for this program to participate in CSP.

<sup>&</sup>lt;sup>4</sup> The following programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN-Family Homes (SRA/ 10 households); CHN-Parsons (SRA/ 15 households); RLPTI (TRA/ 25 households); Southeast Scattered Sites (TRA/ 2 households).

<sup>&</sup>lt;sup>5</sup> Occupancy rate exceeds 100% because CMHA allowed providers to over lease.

<sup>&</sup>lt;sup>6</sup> Program implemented in CSP as of 12/1/2010. Program capacity fluctuates based on need and available capacity, up to 15 units.

<sup>&</sup>lt;sup>7</sup> Program implemented in CSP as of 3/1/2011. Data inaccuracies prevented CSB to report out on this program.

<sup>&</sup>lt;sup>8</sup>Agency name changed to AIDS Resource Center Ohio as of 7/1/2011.
